OUR FAVORITE THINGS FOR WOOL HAND WORK

THREAD

If your pieces & project are smaller, we suggest a smaller thread size.

MK12 + color number

Cotton Mako Thread

Long staple Egyptian cotton. The 12 weight is a decorative thread and is the thickest thread in the Mako range. It is ideal when a very defined machine quilting stitch is desired. 100% mercerized cotton.

256 + color number

Cosmo Floss

Cosmo 6 strand embroidery floss is made from the best grade of Egyptian Cotton, which is why it has a texture equal to that of silk with its luxurious sheen. It has an amazing level of color retention and its discoloring levels are barely able to be detected. 100% cotton, 6 strands, 8 meters (approx 8.75 yards).

For larger pieces and projects use thicker thread.

1168 + color number

0 77540 04318 7

Pearl Cotton Balls

A highly mercerized, twisted, non-divisible, lustrous 100% cotton thread on a ball. Size 8, 10 gram, 87 yd balls.

81608 + color number

Finca Perle

A variety of sizes and putups provide the perfect choice for knitting and crochet, punch needle, needlepoint, and more. As with other Presencia threads, Finca Perle is 100% long staple Egyptian cotton, mercerized for strength, colorfast* and shrinkfast. Perfect for hand needlework!

NEEDLES

When working with wool we suggest using a Chenille Needle which has a sharp point, larger shaft & a large eye to carry a heavier thread. With size #12 thread, use a size 24 needle.

THN 087E

8 46550 01302 8

Chenille Needles
mult 6 • sz 24

These needles are polished lengthwise to ensure smooth fabric piercing. Perfect for wool applique. Packaged in tube. 6 ct.

234 24

0 51221 40314 9

Gold Eye Chenille Needles
12/pk • sz 24

Short with very large eyes used for stitching coarse material with thick yarn and ribbon, chenille work and wool applique. 6ct.

PRI 251

8 76420 00251 7

Chenille Needles
12/pk • sz 24

Needles have large eyes for threading pearl cotton and other heavier threads. Perfect for wool applique. Packaged in tube. 12 ct

With size #8 thread, use a size 22 needle.

THN 086E

Chenille Needles

These needles are polished lengthwise to ensure smooth fabric piercing. Perfect for wool applique. Packaged in tube. 6 ct.

JJ188 22

Chenille Needles

These needles have a sharp point and a large eye to carry heavier threads. Perfect for working with bulky or layers of fabric and wool embroidery. 6 ct.

PRI 250

Chenille Needles

Needles have large eyes for threading pearl cotton and other heavier threads. Perfect for wool applique. Packaged in tube. 12 ct

SCISSORS

So many wool projects involve small pieces, so we suggest a non-serrated short blade scissor with large handle holes for easy maneuvering.

TT 69

Short Stuff 2 1/2" Detail Scissors

These fine cut European stainless steel scissors have gold handles. Great for sewing, embroidery, cross stitch, needlepoint, wool applique and ribbon work.

Includes a pink leather sheath.

NEEDLE THREADER

462

Double Needle Threader

For large needles and sewing machine needles.

MARKING PEN

517

White Marking Pen

Mark and sew! Using the White Marker makes marks more visible, even on dark color fabrics. Ink disappears with use of iron or when washed. Marks stand out more as the ink dries.

Bring in new business!**

BASTING

Hold those small pieces in place until you get them stitched down.

RX GL20

Glue Baste It

This incredible applique glue is 100% water-soluble, dries in minutes, holds firmly until you want to loosen it, and does not feel stiff when dry. The unique syringe applicator allows controlled placement of droplets of glue. Contains no dyes, waxes or harmful chemicals, pH neutral. Great for wool applique work, quilt binding, chenille strips-use anywhere you would normally use pins. Includes both 1" and 1-1/2" tips.

FAB50012

Sewline Glue Pen - Blue

This clever glue stick means the end of sewing around pins! Water-soluble glue that dries clear. A quick, convenient way to hold fabrics for sewing or positioning pieces. Blue glue dries clear. Includes 1 refill glue tube.

FUSIBLES

Use a light weigh fusible that adheres with mostly steam heat and little pressure on the iron.

SF89

Soft Fuse

Thin and flexible and allows for cutting 4 layers of fabric and fusible. 10 pieces of 8" x 9" of soft paper-backed fusible web for machine or hand-applique. It is the perfect size for applique patterns.

3522

HeatnBond Lite

This heat activated adhesive has the strongest bonding power of any lightweight adhesive you can buy without adding extra weight or stiffness. Specifically formulated for use with light to medium weight fabrics. Once applied, it can be easily sewn through, needles won't gum up!

WOOL

FELTED WOOL

Felted wool does not fray, making it a natural for applique projects. Here are some tips when felting your wool

Wash warm - hot & dry on regular setting.
Wash wool with a regular mild laundry detergent or one formulated specifically for wool.

You can expect a 25-35% shrinkage. For one yard expect to lose 6-8 inches.

Once your wool is felted, you can cut and sew.
Wash on cold and air dry to prevent further shrinkage.
